**Spiritual Master, Kalindi G., brings message,
“California may not be safe after 2010.”**

(Los Angeles)--California has had its disasters. There have been earthquakes, mudslides, and fires.

Kalindi G. received information 20 years ago, and again 2 years ago, that after the end of 2010 California will have disasters that will render the state unsafe.

“Now is the time to seriously think about locating elsewhere,” says Kalindi G. “The earth is changing, and California may not be safe after 2010.”

Inspired by her serious message and concern, a group of people have been driving vans through the state, sharing the message and handing out Emergency Preparedness booklets to help people prepare for many different disasters and emergencies.

Kalindi G.’s purpose is to help bring the pure love of God to the world and to offer spiritual guidance to people desiring to come Home to God and to break the cycle of birth and death in this lifetime. Kalindi G. is the founder of Miracle of Love®, a nonprofit, non-denominational spiritual organization.
